

**A Public Walk and Talk on the  
Bissonette Town Forest**

**Bats: Ecology and  
Forest Habitat Management**

With **Scott Darling**, *Wildlife Biologist, Vermont Fish and Wildlife  
Department* and  
**Michael Snyder**, *Chittenden County Forester, Vermont Department of  
Forests, Parks and Recreation*

**Thursday August 21, 2008  
6:00 pm - dark**

Come spend a relaxed evening in the new Town Forest learning more about the amazing lives of these special residents, including the endangered Indiana Bat. We will look for bats and their roosting trees, learn about the habitats they need to survive, and also explore possibilities for using forest management to protect and enhance these habitats on the Town Forest.

**Meeting Place**

Head south on Route 116 from Hinesburg Village. Turn right on Gilman Road. Drive ~1 mile. We will meet at the barn on the right side of the road .

**Sponsored by  
The Bissonette Town Forest Planning Committee**

***Stay Tuned for Other Upcoming Walks on the  
Bissonette Town Forest***
